FREE **DOWNLOAD E-BOOK** 📄

OSS 2024 invites original research papers, case studies, and experience reports on all aspects of open source systems, including:

- **Development and Maintenance:**

  - Agile and DevOps approaches

  - Continuous integration and testing

  - Software quality and reliability

- **Governance and Ecosystem:**

  - Community management and collaboration

  - Open source licensing and intellectual property

  - Business models and sustainability

- **Applications and Case Studies:**

  - Open source adoption in various industries

  - Cloud computing and open source

  - Open source in education and research

- **Emerging Trends and Future Directions:**

  - Artificial intelligence and open source

  - Cybersecurity and open source

  - Open source and social innovation

Important Dates

- **Paper Submission Deadline:** December 15, 2023

- **Notification of Acceptance:** March 15, 2024

- **Camera-Ready Paper Deadline:** April 15, 2024

Keynote Speakers

OSS 2024 will feature inspiring keynote speeches from renowned experts in the open source community:

- **Dr. Eben Moglen** (Software Freedom Conservancy)
- **Dr. Pamela Samuelson** (Berkeley Center for Law & Technology)
- **Mr. Mark Shuttleworth** (Canonical Ltd.)

Venue

The conference will be held at the Sheraton Buenos Aires Hotel & Convention Center, a luxurious and centrally located venue in the heart of Buenos Aires.

Registration

Early bird registration rates are available until February 15, 2024. Register online at the conference website: https://www.oss2024.org/

About OSS

The Open Source Systems (OSS) conference series is organized by IFIP Working Group 13.1 on Open Source Software. It provides a platform for researchers and practitioners to present and discuss their work, share experiences, and foster collaboration in the field of open source systems.

Why Attend OSS 2024?

- **Gain insights** into the latest research and best practices in open source software development.

- **Network** with leading experts in the field and make valuable connections.

- **Discover** innovative open source projects and applications.

- **Stay ahead** of emerging trends in open source systems.

- **Contribute** to the growing body of knowledge and expertise in this important area.
