

14th International Congress for Applied Mineralogy ICAM2024

Unveiling the Mysteries of the Mineral World

Join us at the 14th International Congress for Applied Mineralogy (ICAM2024), the premier event for mineralogists and geoscientists worldwide. Taking place in the vibrant city of [City Name], [Country Name], from [Start Date] to [End Date], this prestigious conference will showcase cutting-edge research and transformative discoveries in the field of applied mineralogy.

14th International Congress for Applied Mineralogy (ICAM2024): Belgorod State Technological University named after V. G. Shukhov, 23–27 September 2024, ... in Earth and Environmental Sciences)

ICAM2024 will bring together a diverse gathering of experts, researchers, industry professionals, and students from around the globe. Through a captivating program of keynote addresses, oral presentations, poster exhibitions, and interactive workshops, participants will delve into the latest advancements and applications of mineralogical knowledge.

Exploring the Interdisciplinary Realm of Mineralogy

Applied mineralogy plays a pivotal role in various scientific disciplines and practical applications. At ICAM2024, you will explore the interdisciplinary nature of this field, with sessions covering a wide range of topics, including:

* **Mineral Exploration and Resource Management:** Discover innovative techniques for mineral exploration and sustainable resource management, ensuring a secure supply of critical materials for future generations. *

Environmental Mineralogy and Geoengineering: Understand the role of minerals in environmental remediation, waste management, and carbon capture and storage, contributing to sustainable solutions for environmental challenges. *

* **Industrial Mineralogy and Materials Science:** Explore the applications of minerals in advanced materials, energy storage, and manufacturing, driving technological advancements and economic growth.

* **Health and Medical Mineralogy:** Uncover the therapeutic potential of

minerals and explore their use in drug delivery, diagnostic tools, and regenerative medicine, enhancing human health and well-being. *

Geochemistry and Mineralogy: Delve into the fundamental processes governing mineral formation, distribution, and reactivity, unlocking new insights into Earth's history and evolution.

World-Renowned Experts Share Their Insights

ICAM2024 will feature an illustrious lineup of keynote speakers, renowned for their exceptional contributions to applied mineralogy. These luminaries will share their latest research, inspiring new perspectives and fostering collaboration among attendees.

Interactive Workshops and Field Excursions

Beyond the conference presentations, ICAM2024 offers a series of engaging workshops and field excursions. Participants can participate in hands-on demonstrations, gain practical experience, and network with peers in an informal setting.

Call for Abstracts

Researchers and practitioners are invited to submit abstracts for oral and poster presentations. The deadline for abstract submission is [Submission Deadline]. Selected presentations will be published in a dedicated conference proceedings volume.

Registration and Sponsorship Opportunities

Register now to secure your spot at this groundbreaking event. Early bird registration discounts are available until [Early Bird Registration Deadline].

Sponsorships are available for organizations seeking to showcase their products, services, and commitment to the field of applied mineralogy.

Join the Mineralogical Community

ICAM2024 is more than just a conference; it is an opportunity to connect with the vibrant global mineralogical community. Attend this prestigious event to expand your knowledge, forge new collaborations, and shape the future of applied mineralogy.

Register today and be part of the transformative experience at ICAM2024!
