Brinkley was born in 1949 in New York City. He attended Harvard College and the University of Cambridge, where he studied history. After graduating from Cambridge, Brinkley worked as a researcher and editor for the American Heritage Publishing Company. In 1984, he joined Alfred A. Knopf, where he would eventually become president and publisher.

Brinkley quickly made a name for himself at Knopf. He published a number of groundbreaking works of American history, including Gordon Wood's "The Radicalism of the American Revolution" and David McCullough's

"John Adams." Brinkley also launched a number of new series, including The American Heritage Series and The Oxford History of the United States.

Brinkley's vision for American history publishing was simple: he wanted to make history accessible to a wider audience. He believed that history was not just for academics, but for everyone. He wanted to publish books that would tell the stories of ordinary Americans and challenge traditional interpretations of the past.

Brinkley's work had a profound impact on American historiography. He helped to create a new generation of historians who were more interested in writing about the lives of ordinary people and in exploring the complexities of the American past. His work also helped to make history more accessible to the general public.

Brinkley died in 2014 at the age of 64. He left behind a legacy of groundbreaking work that will continue to shape our understanding of American history for generations to come.
