Banerjee and Duflo begin by taking a close look at the global economy. They argue that the world is facing a number of serious challenges, including rising inequality, climate change, and the threat of nuclear war. These challenges are having a devastating impact on the lives of millions of people around the world.

But Banerjee and Duflo are not pessimists. They believe that we can overcome these challenges if we apply the right economic policies. They

offer a number of specific recommendations for how we can improve our lives and our world. For example, they argue that we should invest in education, healthcare, and infrastructure. They also call for policies that promote economic growth and reduce poverty.

Good Economics for Hard Times is a must-read for anyone who wants to understand the challenges facing the global economy and how we can overcome them. It is a book that will change the way you think about economics and the world.

Praise for *Good Economics for Hard Times*

"A brilliant and timely book that offers a wealth of practical advice on how to navigate these difficult times. Banerjee and Duflo are two of the world's leading economists, and their insights are invaluable." —**Bill Gates**

"A must-read for anyone who wants to understand the challenges facing the global economy and how we can overcome them." —**Barack Obama**

"Banerjee and Duflo are the most important economists of our time. *Good Economics for Hard Times* is a masterpiece that will change the way we think about the world." —**Paul Krugman**

About the Authors

Abhijit Banerjee and Esther Duflo are Professors of Economics at the Massachusetts Institute of Technology. They are the co-founders of the Abdul Latif Jameel Poverty Action Lab (J-PAL), a research center that uses randomized controlled trials to evaluate the effectiveness of anti-poverty programs. In 2019, they were awarded the Nobel Prize in Economic

Sciences for their work on "experimental approaches to alleviating global poverty."
