### The Origins of a Warrior

Born to a proud and ancient tribe of three-eyed humans, Tenshinhan's destiny was set from the moment of his birth. As a child, he witnessed the gruesome murder of his parents by a ruthless band of marauders. Horrified by this tragedy, Tenshinhan swore vengeance and embarked on a relentless path of training.

Under the tutelage of the legendary master Roshi, Tenshinhan honed his skills to become one of the most formidable martial artists in the world. However, his thirst for power led him down a dangerous path, as he sought to amplify his abilities through forbidden techniques.

### The Curse of the Evil Mizu

In his pursuit of greater strength, Tenshinhan stumbled upon the forbidden scroll of the Evil Mizu. This ancient technique granted him immense power but came at a terrible cost. The Evil Mizu consumed his mind, turning him into a ruthless killing machine.

As Tenshinhan's power grew, so too did his arrogance. He challenged the mighty Son Goku to a battle that would forever alter his life. During the

fierce encounter, Goku's unwavering determination and compassion awakened something within Tenshinhan. Moved by Goku's refusal to give up, Tenshinhan broke free from the Evil Mizu's curse.

### **The Awakening of the Third Eye**

With the darkness within him vanquished, Tenshinhan experienced a profound transformation. The third eye on his forehead, which had long been inactive, suddenly sprang to life. This eye bestowed upon him extraordinary abilities, including the power to see through illusions and detect ki energy.

The awakening of his third eye also allowed Tenshinhan to connect with his spiritual side. He discovered the importance of inner peace, compassion, and the unwavering pursuit of justice. From that day forward, Tenshinhan became an invaluable ally to Goku and the Z Fighters, using his abilities to protect the innocent and defend the Earth from countless threats.

### **The Neo Tri-Beam Attack**

Among the most formidable techniques in Tenshinhan's arsenal is the Neo Tri-Beam Attack. This devastating energy blast concentrates all of Tenshinhan's ki energy into a single, focused beam. Its power is immeasurable, capable of shattering mountains and obliterating even the most formidable opponents.

The Neo Tri-Beam Attack, however, comes with a significant drawback. Each time Tenshinhan uses this technique, it places a tremendous strain on his body. The recoil of the blast can cause severe damage and, in some cases, even death.

Despite the risks involved, Tenshinhan has never hesitated to use the Neo Tri-Beam Attack when the fate of the world hangs in the balance. His unwavering determination and selfless nature make him a true hero, willing to sacrifice his own well-being for the greater good.
